

# HIGH WEST ENERGY POSTPONES RATE INCREASE

In an unexpected turn of events, we're pleased to announce the postponement of the proposed rate increase originally slated for implementation this billing cycle, which was scheduled to take effect on March 1, 2024. This decision comes after our power supplier, Tri-State Generation and Transmission, announced that the Federal Energy Regulatory Commission (FERC) had rejected its rate filing. Tri-State will have the opportunity to re-file once the concerns raised by FERC have been addressed; however, we have decided not to proceed with the implementation of our rate increase at this time.

In February, we communicated our plan to implement a rate increase, projecting an overall revenue increase of 4.4% for the cooperative. This adjustment was necessitated by an expected 6% increase from Tri-

State. As a cooperative, our focus is not on profit, but rather on securing funds to sustain operational needs and support our members. Currently, we do not deem it necessary to raise our rates until a corresponding increase is passed on to us or the financial status of your cooperative signals a need for an increase.

Although we have postponed our rate increase, we are proceeding with our single Time-of-Day rate model, synchronized with Tri-State's peak hours. These peak hours are from 1 pm to 9 pm, Monday through Saturday. Sundays and designated Tri-State holidays, including Memorial Day, Labor Day, Independence Day, Thanksgiving, Christmas, and New Year's Day, will be classified as off-peak hours.

Furthermore, if your account is being transferred to a new or different rate

category, this will still take place, but there will be no adjustments to the actual rates.

We understand the importance of maintaining affordability while delivering quality services, and after careful deliberation, we've concluded that postponing the rate adjustment aligns better with our commitment to member satisfaction.

We sincerely appreciate the patience and understanding exhibited by our members throughout this process. Rest assured, we remain fully committed to providing you, our member, with safe, reliable and competitively priced energy and services. If you have any questions or concerns, please call our office at 307-245-3261 and we will be more than happy to address them.

# HIGH WEST ENERGY TO HOST 87TH ANNUAL MEETING ONLINE

High West Energy is thrilled to announce that its 87th Annual Meeting will be held virtually on Thursday, June 20, 2024, at 6 p.m. This approach allows our members to participate comfortably from home, ensuring accessibility for all.

Our mission is to serve our members and communities by providing safe, reliable and competitively priced energy and services. At this annual meeting, we will share updates on our operations, highlight sponsorships and donations from the past year, discuss matters such as Operation Round Up®, and outline the future

direction of High West Energy. As a cooperative owned by our members, keeping everyone informed about our industry and progress is paramount.

The meeting format will closely resemble recent years, with members having the chance to comment and submit questions to engage in the proceedings. We encourage participants to log in early to address any potential technical issues, as the meeting is set to commence promptly at 6 p.m.

Additionally, we will be conducting elections for Districts 11 and 13. Stay tuned for further details

on this important aspect of our annual meeting.

Join us virtually for High West Energy's 87th Annual Meeting on Thursday, June 20, 2024, at 6 p.m. We look forward to your participation and valuable insights.

## HIGH WEST ENERGY

### Board of Directors

Michael Lerwick	District 11	307-630-1277
Gary Smith	District 12	307-649-2375
Ed Prosser	District 13	307-630-8364
Jerry Burnett	District 14	970-895-3386
Damon Birkhofer	District 15	308-235-7296
Kosha Olsen	District 16	307-214-4940
Kevin Thomas	District 17	308-879-4396

*\*Meetings are typically held on the fourth Monday of each month.*

# UNCLAIMED PATRONAGE DIVIDENDS

---

As a member of a cooperative, you share in the ownership, construction, maintenance, and prosperity of High West Energy. When you move into, or establish a business in our territory, you become a member of High West Energy. Last fall, our Board of Directors voted to retire approximately \$760,000 in patronage dividends. High West Energy has paid out dividends for the last 38 years. Patronage

capital is based on the amount of electricity each member uses so the amount members are allocated varies from yearly.

The following is a list of names of individuals or businesses whose checks from previous years were either returned as undeliverable or the checks were not cashed. If your name is on the list, please call our office. If you recognize a name on the list, please notify that person so they can contact

us. If the person is deceased, please let one of their relatives know about the unclaimed check. An official representative of the estate can also contact us to claim the check.

Thank you for being a member of High West Energy! We appreciate your support and trust as your local cooperative. If you have any questions or concerns regarding patronage dividends, please contact our office at 307-245-3261.
